

Innovative, Tailored Multimedia Services ///

ABOUT US

Matuka Media is an Audio Visual company providing services to the events and marketing industry. The company was established in 2018 and has proven itself a trusted and reliable service provider since then.

We are 100% black owned, controlled and managed. Our company boast with a dedicated team of event managers, photographers, videographers, visual technicians and graphic designers.

We have strong, healthy relationships with marketing companies, event planners, hotels and conference centers which serve both the private and public sectors. We pride ourselves in having a fresh, innovative approach, resulting in delivering a world class experience with every project we execute.

Trusted providers of Photography, Video Production and AV for corporate events, functions and marketing.

Our Vision

We aim to furnish the film, television, advertising, corporate video and animation markets with high quality production in keeping up with international trends with a view of broadening into the broadcasting markets.

Our Mission

We have structured ourselves as a small company with a body of owners and employees who are expertly skilled within the production field and are solely focused not only on the security and development of the company but on bettering the standard of production nationally so that SA can be seen as a leading contributor to the international television industry. A company of our size cannot generate the business to much of a dent in the yearly statistics but we can up the bar sufficiently so that the industry in SA as a whole is forced into a position whereby they have to up their quality level.
